

# Welcome to **UnCorkIt!** Wine of the Month Club

We are now offering a Wine of the Month Club where you or your recipient will get a very exciting package every month for the designated membership Term.

Our Experts will select two wines each month from small, hard to find wineries around the world. The wines selected will be some of the finest that we have found from mostly family owned wineries. We will select wines based on most peoples taste preferences along with wines that we feel are an exceptional quality at a great price.

Both wines will be accompanied by a very informative sheet telling about the history of the winery, the wine maker, tasting notes, food parings & more. We will also send a special offer price to every recipient on all selected wines.

The quality of the wines selected will be based on the type of membership that is selected. We will send one white, and one red wine each month unless specified that you would want all reds, or whites.

If purchasing this as a gift for someone we will send them a card welcoming them into our wine club along with your special note, name and message. Memberships purchased before the 10th of each month will get their first shipment the first week of the following month. Memberships purchased after the 10th will not get their first shipment until the second month.

We will ship wines Via FedEx in approved wine gift shipping boxes. The recipients must be of legal age (21) and be able to show the delivery person proof of age. We will insure all shipments and guarantee the quality of all wines shipped. We will only ship to legal states as some will not allow liquor to be shipped into their state.
